

UNDERHILL NEW GOLF IRRIGATION PRODUCTS CATALOG

LAKE FOREST, CA

Underhill International has released a new golf product catalog that spotlights the company's expanding line of irrigation accessories.

The full-color catalog features site photos, product details and specifications. Underhill's growing line includes specialty equipment for improved golf course irrigation and maintenance.

The catalog is free to golf course professionals and is available by calling Underhill toll free at 866-863-3744 or by email at underhill@uicorp.net.

Featured in the new catalog are: FCI Profile™ high uniformity metal replacement nozzles for Toro® and Rain Bird® golf rotors; Magnum™ and Precision™ solid metal spray hose nozzles and CoolPro™ cooling nozzles; HoseTap™ hose adapters; Tracker™ portable irrigation vehicles; Underhill brass impact sprinklers and portable sprinkler bases; PelletPro™ and LiquidPro™ applicator guns for wetting agents; Nastek™ stress detection glasses; Deep Drip™ tree watering stakes; Gulp Series™ water removal pumps; quick coupler valves and keys; swing joints and universal valve lids.

All Underhill products can be viewed on the company website at www.underhill.us.
